Professional Summary

Full Stack Developer with 2+ years of experience building scalable web applications using **React.js**, **Node.js**, **TypeScript**, and **ASP.NET Core**. Proficient in React Hooks, Redux state management, RESTful API design, and relational databases (SQL Server, PostgreSQL). Experienced in CI/CD, Docker, and Agile/Scrum delivery. Reduced UI defects by 40% through reusable component patterns and code reviews.

Technical Skills

Languages	JavaScript (ES6+), TypeScript, C#, SQL, HTML5, CSS3
Frontend	React.js, Redux, Hooks, Next.js, Tailwind CSS
Backend	Node.js, Express.js, ASP.NET Core Web API, .NET Core, REST APIs, Microservices
Databases	PostgreSQL, SQL Server (MSSQL), MongoDB
Cloud & DevOps	AWS (EC2, S3, RDS), Docker, GitHub Actions (CI/CD)
Security	RBAC, OAuth2, OpenID Connect
AI Tools	Cursor, Claude Code, OpenAI Codex, GitHub Copilot, Gemini, ChatGPT, Windsurf, Bolt.new, Lovable
Tools	Git, GitHub, Postman, Visual Studio, VS Code, Agile/Scrum

Professional Experience

Associate Software Engineer Jan 2024 – Present
Xedify Solution Pvt. Ltd., Bangalore, India

- Engineered a full-stack **Healthcare Portal** for a US-based client using **Next.js**, **TypeScript**, and **ASP.NET Core Web API**; delivered end-to-end modules for **patient management**, **appointment scheduling**, **billing**, **discharge**, and **clinical reports** covering the complete hospital workflow.
- Built **RESTful APIs** with **Entity Framework Core** and **SQL Server** for complex healthcare data workflows; implemented **Redux** and **React Hooks** across multi-role dashboards (Admin, Doctor, Patient), reducing UI bugs by 40%.
- Integrated **AWS S3** for medical document storage with pre-signed URLs; enforced **OAuth2** + **RBAC** for role-based access; implemented **CI/CD** with **GitHub Actions** for automated deployments.

Projects

Healthcare Management System *Next.js, TypeScript, ASP.NET Core, SQL Server, AWS S3, Twilio, SMTP*

- Built a full-stack healthcare platform using **Next.js 13+ (App Router)** with **SSR** for patient dashboards, **SSG** for static pages, and **dynamic routing** (/patient/[id]) for record management; enforced **RBAC** (Admin, Doctor, Patient) via **OAuth2**.
- Developed **ASP.NET Core Web API** with **Entity Framework Core** and **SQL Server** for patient records, appointments, billing, and discharge modules; integrated **AWS S3** for secure medical document storage with pre-signed URLs.
- Implemented automated **appointment reminders** and **billing alerts** via **Twilio SMS** and **SMTP email**; generated downloadable **discharge summaries** and **billing reports as PDFs** using a server-side PDF library within the ASP.NET Core pipeline.

TextileDaddy — E-Commerce Platform *React.js, TypeScript, Redux, Node.js, Express.js, PostgreSQL, OpenAI API*

- Built responsive **React.js** + **TypeScript** UI with **Tailwind CSS** and **Redux** for cart, session, and order state management; improved page load by 25% via lazy loading and code splitting.
- Developed **Node.js** + **Express.js** REST APIs for product catalog, search, and order workflows with **PostgreSQL**; implemented JWT-based auth and RBAC for Admin and Customer roles.
- Integrated **OpenAI API** to power an **AI shopping assistant** that suggests products based on user preferences and browsing context; boosted average session engagement by 20% through personalized recommendations.

AI Customer Support Chatbot *React.js, Node.js, Express.js, OpenAI API, MongoDB*

- Built an intelligent multi-turn customer support chatbot using **OpenAI GPT API** with domain-specific system prompts and conversation memory; developed **Node.js** + **Express.js** backend to securely proxy API calls and manage session context.
- Engineered a **React.js** chat UI with real-time streaming responses, typing indicators, and auto-escalation to human agents for unresolved queries; stored conversation logs in **MongoDB** for analytics and continuous prompt refinement.

Education

Bachelor of Computer Applications (BCA) 2019 – 2022
Graphic Era Hill University, Dehradun CGPA: 8.09 / 10
